Math 8 – Pre Algebra

Our Specialty

This room is more than just a classroom. It's our spot to learn, to grow, to teach, and to become better mathematicians and critical thinkers. Let's work together to build up a positive environment with lots of energy. Let's start each day with a smile.

Late Work

The expectation is that you submit your work on time. I accept late work one day late for 50% credit. After that you will receive a zero. Keep up with your work!

Technology

Unless I direct you to get your electronics out, you must keep them away and off at all times. If you have a device out when not requested, I will take it for the remainder of the class period. After the first time, I will take it and your parent/guardian will have to pick it up.

The Pricing

Your grade will be comprised of:
Tests and quizzes – 50%
Weekly Math – 10%
Classroom/Homework – 40%

Helpful Resources

Khan Academy
Purplemath
Desmos
Google – put in topic name and see what comes up. You will be amazed!
