SAE PROJECT

Students in all agriculture classes are required to have an ongoing Supervised Agricultural Experience "SAE for All" Project. Students will establish or improve their career plans and perform agriculture and/or career activities during and outside regular class time. Weekly SAE records will be required throughout the semester and a final report on the project will be completed. The SAE project will be graded on several items which will be covered in detail during the first few weeks of school.

All records will be kept in the online system, The AET, and accessed at www.theaet.com.

***Chapter Number: NC0591
Students will be assigned usernames***

NATIONAL FFA ORGANIZATION

All students in an agriculture class at RHS are automatically members of the National FFA Organization for the entire school year. FFA activities are an integral part of the learning experience in Agricultural Education. Students will be exposed to the FFA during this course and are expected to participate in the FFA. Some opportunities offered by the FFA are local activities, community service, career development events (competitions), travel, and awards (scholarships). Meetings and activities will be communicated with classes and will be made available throughout the school year. Students are encouraged to participate in any and all FFA activities in which they are interested.
